STANDING TOGETHER FOR THE NEXT GENERATION

Adolescence is a critical window in shaping lifelong health, yet it is also when many young people first encounter substances that can change the course of their lives. Across Michigan and beyond, youth are facing rising mental health and substance use challenges, often fueled by stress, isolation, anxiety, and increased access to dangerous substances like fentanyl and high-potency cannabis.

The Jamie Daniels Foundation works with families, schools, and communities to respond with prevention, education, recovery support, and youth-focused care—while continuing to reduce the stigma that too often keeps people from seeking help.

This event turns commitment into action.

As the Foundation's leading annual fundraiser, the Celebrity Roast brings together business leaders, sports fans, families, and advocates around a shared commitment to protecting the next generation. Support from this event helps expand prevention programming, strengthen recovery resources, and increase access to specialized care for young people and families across Michigan.

IN MICHIGAN,

11% of 8th graders, 20% of 10th graders, and 31% of 12th graders reported illegal drug use in the past year

90%

of those in recovery or struggling with substance use disorder started engaging with drugs/alcohol before their 18th birthday

In Michigan, an average of

3,000 PEOPLE

die from an overdose each year

In Michigan,

160,000

(14.7%) youth between the ages of 18-25 years old stated having a substance use disorder in the past year

ABOUT THE JAMIE DANIELS FOUNDATION

The Jamie Daniels Foundation was established by Lisa Daniels-Goldman and Ken Daniels in memory of their son, Jamie, who lost his life to an overdose at the age of 23. In the face of unimaginable loss, they chose action and committed to changing the path for other young people and families navigating substance use disorder.

The Jamie Daniels Foundation focuses on preventing substance use disorder, supporting recovery, and reducing stigma. Our work is informed by both lived experience and evidence-based practices. We invest in programs that build healthy coping skills early, strengthen recovery supports for students, and expand access to compassionate, clinically informed care for adolescents.

Across Michigan, we support collegiate recovery programs, prevention initiatives and coping skills training in elementary schools, peer to peer prevention efforts in high schools, and parent education resources that help families recognize warning signs and start difficult conversations. We have also committed significant funding to establish and sustain the Adolescent Addiction Recovery Center at Children's Hospital of Michigan in Troy, expanding access to specialized treatment for youth in crisis.

At the heart of our work is a simple belief: early support matters, recovery is possible, and no family should face this journey alone.

11 COLLEGIATE RECOVERY PROGRAMS

serving campuses with more than 197,000 students

12+ HIGH SCHOOLS

implementing prevention programming, with continued expansion planned

10,000+ ELEMENTARY STUDENTS

trained in mindfulness and healthy coping skills

59 SCHOLARSHIPS AWARDED

to college students in recovery

175+ ADOLESCENTS TREATED

through specialized outpatient care in Troy
